“ To the family of Alice Fettes. Please accept my heartfelt condolences. Death is like an enemy, we can not escape it right now. Many wonder what happens when we die. The best source we can go to is the Bible. Many places in the bible death is described as a deep sleep. (Acts 13:36 1 Thessalonians 4:13). The Bible also talks about a resurrection hope at John 5:28,29. When will the dead rise and where? Soon, the bible says the last days when Gods Kingdom comes to the earth and when all the worshipers worship God in spirit and truth. That's when the dead will be welcomed back on earth. I hope this has brought the family some comfort.

“ She deserves better than this. Her life was so much more than a paragraph and private ceremony.
