“ *The most important person on earth is a Mother. She can not claim the honor of having built Notre Dame Cathedral. She need not. She has built something more magnificent than any cathedral. A dwelling place for an immortal soul, the tiny perfection of her baby's body. The angels have not been blessed with such a grace. They can not share in God's creative miracle to bring new souls to heaven. Only a human mother can. Mothers are closer to God the creator than any other creature. God joins forces with mothers in performing this act of creation. What on God's good earth is more glorious than this: to be a mother? Joseph Cardinal Mindszenty 1892 - 1975*
