“ This is a very sad day for me, Michael. I am trying to think good, positive thoughts to help the day pass a little quicker. I am trying to remember the fun times growing up with you and your contagious laughter. I know you are at peace and I can wish nothing more for you than that. As for me, I will continue to miss my big brother and am blessed to have had you with me for all the time that I did. Smile down on us from time to time and know you are loved more each day. Love your sister, Susie

“ Hi Mike, today is Halloween and I can't help but think of you today. You loved this holiday and you enjoyed passing out candy to the kids and would chuckle at their costumes. I hope wherever you are and whatever you are doing, that you are laughing and enjoying yourself because you gave us all so much light in our lives. I miss you big brother, you are always in my heart.

“ Although it's been 36 years, I still remember you as a little kid. You were always around when I visited your family home as a teenager. I fondly remember your family and I hope you can keep your Dad in line. He was always cracking us up and I bet he greeted you with a joke. My love and condolences to your family.

“ Hi Mike, I just wanted to tell you that I miss you. I would love to be able to call you right now and tell you that. You were such a great brother to me Mike and I am so proud to be your sister. We all are feeling such a great loss without you here, but it least I know that I can talk to you in my own way and you can hear me. You touched the lives of so many people and you had the heart of gold. I know you are at peace now big brother and you are there with dad. I am keeping your smile close to my heart.

“ Big Daddy, I can't help to think of you not being with us. The laughter , the smiles and your sence of humor. Will be missed by all in our family...The roll you played was a big one, and the burden of your illness was that of three people.. At last your suffering is over ,and you no longer have to be afraid.. We all miss you and wish you were here with us for at least a little longer. Dani says good-bye Uncle Chickie !!! Love your brother, Steve

“ My dearest brother, I cannot put into words how much I will miss you. I know you are in a better place now and you are feeling relief of so many things, and for that I am thankful. It was just too sudden for you to be taken away from all of those who love you so very much. You have always been such a great brother, son, and friend and I will miss seeing you laugh and the light in your eye when you were happy. I will hold you dear to my heart and never let a day go by not think of you. I love you Michael, thank you for being my big brother.
