“ End the gun violence - wether you hold the gun or are ok with someone holding the gun - it is all wrong. Being gangsta or hood or down never results in long term happiness. People went to war to gain America for Freedom - embrace the freedom to be able to be educated, get a job that pays more than \$.50/hr as is most countries, own a home, own a car, have babies that have a chance and the freedom to rise above the senselessness. Stop being okay with the drama and violence and reataliation - and start being okay with rising above and taking the higher road to happiness that can last forever. I'm sorry for your loss - let's try and make her the last young soul we lose to immature acts of violence.

*“ You can shed tears that she is gone, or you can smile because she has lived. You can close your eyes and pray that she'll come back, or you can open your eyes and see all she's left. Your heart can be empty because you can't see her,...or you can be full of the love you shared. You can turn your back on tomorrow and live yesterday, or you can be happy for tomorrow because of yesterday. You can remember her only that she is gone, or you can cherish her memory and let it live on. You can cry and close your mind, be empty and turn your back. Or you can do what she'd want: smile, open your eyes, love and go on. RIP Bless a brand new angel ? Joey & Family, Stay strong and know she is always around u.*
