“ Papa a?" I'll always cherish the memories of time with you...
Catching lightning bugs in the garden and back yard...Making Jiffy Pop... Playing the car counting game on the front porch at night...Setting up model trains that took over the basement...Making hundreds of Halloween candy bags every year...Feeding the ducks at Webster pond... Staying up late...Making our annual Memorial Day cemetery tour... Bringing friends to your Holiday "Generations" Parties...Watching you get ready for work at night...Finding the perfect fake Christmas tree and "un-decorating" it to bring it home...Listening to three radios at the same time. I miss you so much, but I'm grateful that you have finally found peace. Love always,K.
