I was extremely sad to hear from Ed Bradley about Pat's passing. Pat and I were good friends for 4 years of high school. He was a character and we had some crazy times together at Valley. I lost contact with him after I relocated to the suburbs of Chicago in 1968. However, I was able to keep tabs on him over the years through my good friend Ed Bradley. I know these last 10 years were a struggle for him. He is now in a better place and may he rest in peace.

My sincere condolences,

“ *Pat and I first became friends in the very early 1960s. Pat, myself and Ed Bradley spent a lot of time together undertaking various forms of recreational behavior. Pat was always cooperative with these recreational undertakings and always good, good company. I remember many nights spent at the "Poor House" in Liverpool checking on both the quantity and quality of beer, women and the like. Among my memories of Pat is his white Oldsmobile and how Pat kept forgetting about numerous maintenance items on the car including keeping tires on the vehicle that were not completely bald and without so much as a hint of tire tread. Pat was one of those people you never forget and I haven't. I'll drink one for Pat tonight. Best wishes to his family.*

“ *Joan, Dennis, Alison, Patrick, Andrew & all members of the Reilley family:*

My most sincere condolences on the loss of your beloved brother, uncle and cousin.

Pat and I first became friends in 1960 when he came to my family's home to welcome me to our neighborhood. From then on we were classmates, fellow fishermen, card players and good friends. A blessing to me that, now, I will never be able to repay. In this life.

Pat's passing fills me with great sadness which, now, must be balanced with the many happy and hilarious memories from when we were both young. From our early teens until our early 20's, when our paths began to part.

Your feelings of sadness and loss must be overwhelming.

May your period of bereavement and grief be, mercifully, short.

God bless you all!
