“ Hey, uncle Hippie. I always had a lot of fun with you. There were many great times while we lived with you for those few months. And I didn't touch your butt, it was the dog. May there be a Vegas in heaven for you and your Harley. Love ya, Britt

“ Looking back at the 13 years of marriage to you, there are many wonderful memories that return. I really wish thing could have been different for us, but I guess our upbringings were just too far apart to overcome. We both had issues that we could not overcome, I always have and always will think of you as a wonderful person and you will always have a place in my heart. May you rest in peace and know that you will be dearly missed.

“ *Though our offices are separated by approximately 800 miles, I have worked closely with Bob on numerous projects for many years. I am especially saddened knowing that Bob was so looking forward to his upcoming retirement. Being Bob, he had notified me when he had just over 200 working days left until retirement - I think he was just rubbing it in, so I gave him a hard time about harassing me! I will miss him. I extend my heartfelt sympathy to Bob's family, friends, and BMS colleagues.*

“ *So many good memories, most of them of sitting around the kitchen table, planning how we were going to learn to drive 18 wheelers so we could hit the road and stay there. That was a lifetime or two ago, but something I'll never forget. Hard to believe he's gone. Al and Mickey, my thoughts and prayers are with you.*

“ I'll always remember babysitting for Robbie and his two brothers in Panama City 1955. He had a rye sense of humor and he used to smile at me like he had a secret I didn't know. Too soon you are gone from us. Rest in peace.
