“ I truly loved Aunt Sally. She was a very brave and uncomplaining lady. When I was young I visited her in Central Square and she was living on a farm in a house with all her children and no running water, exxxcept cold water from a pump by the kitchen sink. There was no electricity or heat in the house. All light was from kerosine lamps. The only toilet was in the backyard. these hard conditions did not keep her from being sweet and happy. She would laugh and say "kind of rough without electricity and hot water, isn't it". Years later at Peggy;s wedding she asked me if I remembered that house - I told her I did - and she laughed and said again "kind of rough wasn't it" all over again. I told her she would always be a star in my mind for her ability to keep on going and being able to laugh about it. A very brave lady, indeed. She had true Hamilton grit. She lived up to the Hamilton motto - "Through". The Hamiltons always come through. She will be in my prayers.Mary Grace

“ Driving to the barn today in the rain I felt your tears for us all from heaven, don't worry gram we'll get through some how we always do it is the survivor part of us we get from you. I'll miss you more than words can describe. Thanks for always being there to support me in all of my choices in life. Don't worry about your cat, he will be cared for. You'll be able to see the horses all the time now, not just when it is nice enough to go to the barn, I'm glad you enjoyed them. I'll always remember you and how cute you looked the last time I saw you looking up at me with your beautiful blue eyes and your last words of kindness to me letting me know you loved me too and thanking me for visiting you. Your in Gods hand now so until we meet again. Love Always Christine

“ I never did get to know my great-grandmother to well. But I always knew who she was and I always loved her. I kinda remember when I was little, that she would come out this way to Camden to see all of us every now and then. I wish that I would have went to see her more often. I do remember that she made it out to my graduation party in July at the North Bay Fireman's Field. And I remember sitting down with her and talking. She told me how she was proud that I had graduated and was asking me what I was doing with my life. I dont have much to say but I am glad she made it there that day. I wish I had more to say about her, but I dont and Im glad I had anything to say. I love you grandma, RIP.

“ I hold a lifetime of memories of Grandma. I'll never forget her beautiful black curls that refused to grey until just a few years ago. I'll remember always her bright blue eyes and years of trying to get used to her without glasses. In memory I can see beyond the stacks of recycled styrofoam meat trays, bread ties and cottage cheese bowls and see clearly her lovely hands and perfectly manicured fingernails. The scents of Topaz, Dentine gum, starch, and tea are etched in my mind. Sounds of her wonderful laugh, her witty humor and the tea kettle are impressions made deep in my heart. I will not forget my grandmother and all that she was to me.
